NJSTARS

CERTIFICATION OF CLASS RANKING

This student has self-identified at Ocean County College that he/she is eligible to take part in the NJSTARS scholarship program. New Jersey state regulations governing this program state that a student is eligible for this program only if he/she was ranked in the top 15.0% percent of his/her graduating class upon completion of either junior or senior year. For example : students who were placed on the junior list by their high school who have completed their junior year in the top 15.0% would be considered for potential eligibility of the NJ STARS Program and would not have to self identify themselves to their college of choice. However, if your high school failed to provide HESAA with a junior list then all students in their senior year in the top 15.0% must complete their senior year in the top 15.0% upon high school graduation and self-identify themselves as a NJ STARS student to their college of choice to become eligible to participate in the program.

Please verify this student's class rank status by completing this form and mailing it to:

Ocean County College
